Call for Expressions of Interest

Postdoctoral fellows, Kollias lab, BSRC Fleming

The laboratory of Prof. George Kollias at [BSRC Fleming](#) is seeking independent postdoctoral scientists with excellent track records that wish to apply jointly for competitive research grants such as Marie-Curie, EMBO, HFSP, ERC Starting grants etc. Projects will build on the lab's extensive expertise in dissecting molecular and cellular mechanisms mediating the pathogenesis of chronic inflammatory diseases in animal models, towards the development of novel therapeutic approaches. The successful candidate will be a member of a highly interactive research group that operates across immunology, molecular and cell biology, systems biology, animal modelling, assay development and drug screening.

Researchers will have the opportunity to do research in a state-of-the art environment based on merit, scientific excellence and innovation, as well as to benefit from the Center's Core Facilities (including Animal house, Transgenesis facility, Genomics, Proteomics, FACS, Advanced imaging and Phenotyping units, as well as Technology Transfer Office).

Candidates should have a PhD in Life Sciences, and proven ability to tackle complex problems in an independent manner.

Expressions of interest should be sent electronically to gkgrants@fleming.gr. Candidates should email a cover letter outlining their interests and areas of expertise (maximum 1 page long), together with a detailed curriculum vitae, including contact information of two or more referees.

Deadline for expression of interest: May 21st, 2017
