

Dr. T. Chavakis  
Principal Investigator  
Head, Inflammation Biology Unit  
Experimental Immunology Branch  
National Cancer Institute, NIH  
Building 10, Room 5B17  
10 Center Drive,  
Bethesda, MD 20892- 1360  
(301) 451-2104 TEL  
chavakist@mail.nih.gov

A postdoctoral research position is available in the Inflammation Biology Unit, Experimental Immunology Branch, NCI, NIH. A major interest of the laboratory is studying the mechanisms of leukocyte-endothelial interactions in the context of inflammation and autoimmunity as well as the crosstalk between inflammation and neovascularization. The studies include analysis of mice. A good background in immunology as well as experience in cellular/molecular biology and in working with mice is required. Interested applicants should email a detailed CV, bibliography, cover letter and the name of three references to Dr. T. Chavakis, EIB, NCI, NIH, 10 Center Drive, Rm. 5B17, Bethesda, MD 20892.
