

Funding opportunities for life scientists in Greece

This event is co-organized by the Biomedical Sciences Research Center "Alexander Fleming" and EMBO, and will provide PhD students and postdoctoral researchers with information about EMBO Fellowships and other funding schemes supporting life scientists in Greece. It will also give an introduction to EMBO scientific publishing. An EMBO Postdoctoral Fellow will share their experiences with the fellowship, followed by a round table discussion with EMBO Members and Fellows. PhD and postdoctoral researchers will have the opportunity to participate in two Q&A sessions with Daniele Viarisio, EMBO Senior Programme Officer.

Please express your interest by email to secretariat@fleming.gr by **12/2/2024**. Space allocation will be on a first come – first served basis for up to 40 participants.

EMBO info event, Fleming Auditorium

10:00 – 10:45 **Overview of EMBO funding opportunities for PhD students and postdoctoral researchers**

Dr Daniele Viarisio, EMBO
