Biomedical Sciences Research Center

Call for Expressions of Interest

Bioscientist- MSc holder – Kontoyiannis lab, BSRC Fleming

The lab of Dr. Kontoyiannis at the Biomedical Sciences Research Center 'Alexander Fleming' (www.fleming.gr) is seeking a **Bioscientist-MSc holder** to be involved in phenotyping evaluation by applying molecular biology techniques and analyzing large scale data.

Candidates must have a MSc in Biological Sciences or related fields and excellent command of the English language. Proven expertise in the application of basic and advanced molecular and cellular biology and biochemistry techniques is required. Additionally, experience in analyzing omics data and using programming language/environment Linux/R is desirable. Experience in relevant positions will be taken into account.

The successful applicant will be a member of a highly interactive research group that operates across immunology, molecular biology, systems biology and animal modeling and will be expected to interact closely and productively with scientists from different disciplines. Moreover, the successful applicant will have the opportunity to be involved in a PhD program and obtain a PhD upon successful completion of all the requirements of the program.

Expressions of interest should be sent electronically to dklab@fleming.gr. Candidates should email a cover letter outlining their interests and areas of expertise (maximum 1 page long), together with a detailed curriculum vitae, including contact information of two or more referees.

Deadline for expression of interest: 31st March, 2019
