

Postdoctoral positions Kollias lab | BSRC Fleming

We are seeking motivated bioinformaticians and bioscientists at the postdoctoral level to join a highly interactive and interdisciplinary team that focuses on understanding **molecular and cellular mechanisms orchestrating chronic inflammatory and fibrotic diseases**, and operates across **molecular systems biology and disease modelling**. Positions will be competitively funded amongst others by a [recent European Research Council grant](#) (2022-2027).

Expressions of interest should be sent electronically to **Prof. George Kollias** (kollias.admin@fleming.gr) and should contain a cover letter outlining the candidate's interests and areas of expertise (maximum 1 page long) and a CV including full publication list and contact information of two or more referees.

RECRUITING NOW – Please send you CV!
