

"ALEXANDER FLEMING"  
Biomedical Sciences Research Center

## Call for Expressions of Interest

### The Kontoyiannis Lab is seeking a **Laboratory Technician**

The lab of **Dr. Dimitris L. Kontoyiannis** at the Biomedical Sciences Research Center 'Alexander Fleming' ([www.fleming.gr](http://www.fleming.gr)) is seeking a **Laboratory Technician** for a full-time position to be involved in the support of phenotypic evaluation studies by applying basic molecular and histopathological techniques.

Candidates must have a BSc in Medical Laboratories Science, Biological Sciences or related fields and good command of the English language. Proven expertise in the application of basic molecular biology (eg. DNA isolation, PCR, gel electrophoresis) and histopathological techniques are required. Experience in animal handling (mice) and cell culture is desirable and will be additionally evaluated. Previous experience in relevant positions will be considered.

The successful applicant will be a member of a highly interactive research group that operates across immunology, RNA biology, molecular biology and animal modeling and will be expected to interact closely and productively with scientists from different disciplines.

For expressions of interest, please send a detailed curriculum vitae, including contact information of two referees and a short cover letter outlining your interests and areas of expertise (maximum 1 page long) electronically to the following address [dklab@fleming.gr](mailto:dklab@fleming.gr) with the subject: **202511\_EoI\_DKlab**.

For more information about the lab, please visit: [Kontoyiannis-Lab](#)

Deadline for expression of interest: 10th December, 2025
